2020 EXECUTIVE

Left to Right: Brad Nunn, 2nd Vice President, Steven Balcomb, 1st Vice President, Debbie Morrison, President, Brian Kenney, Past President.

Welcome to the 180th Norfolk County Fair & Horse Show

As I write this on Easter Weekend, I must pause, wondering if the 180th edition of the Norfolk County Fair will happen this year. Given our current world pandemic, social distancing, and the avoidance of large crowds for the foreseeable future, this may mean that we cancel plans for this year's Norfolk County Fair. This saddens me that we cannot plan full steam ahead for our amazing Norfolk County Fair and Horse Show in October.

Agriculture has always brought us together and kept us together in Norfolk County. We have been filled with community pride for 179 years, and the mantra has always been the show must go on. But the "go", or "no go" this fall is something that is out of our hands right now. All we can do is hope that by late summer and early fall, the world has found its equilibrium once again.

For now, I thank all of you for doing your part to help everyone to get through this unprecedented time.

Our volunteers continue to volunteer, but in different ways. From making masks for front line providers, to making sure our citizens have all they need so they can stay safe at home, those who volunteer for our community will continue to help wherever they can.

Our small businesses are also helping to support each other, and it is wonderful to see our citizens continuing to buy local through online options, delivery, and social distancing pickups. This shows us more than ever that our small businesses are resilient, resourceful, and adaptable - all traits that will help our local community persevere through this epidemic.

To our farmers, we send a huge shout out. We know this year brings a unique set of challenges, but I know that each of you will do what you have always done. And that is to produce the best quality product that you can, so Canadians can continue to have the ultimate in food quality, availability, freshness, and confidence in our safety processes.

This online brochure itemizes the categories and prizes planned for the fair in 2020. We encourage you to use this document to plan for all the amazing entries that you are working on while in self-isolation and we will set a record with number of entries.

We, the Norfolk County Fair and Horse Show Staff, Directors and volunteers will continue to provide updates as the situation develops throughout spring and summer. At this point we cannot guarantee that the Norfolk County Fair 2020 will proceed, but we can guarantee that if there is any way we can safely host this event for the 180th time, we will do our best to ensure that the agricultural tradition that has always brought us together will happen again and perhaps it will be the catalyst that allows our attendees to finally celebrate what is important in life - community, support for those around us, family, and our environment and its blessings.

Debbie Morrison, President - Norfolk County Agricultural Society

Definition of an "Entry"

For the purpose of the Dairy and Beef Cattle Classifications an entry shall be interpreted as follows:

All Purebred registered dairy and beef cattle, whether owned by one person or by more than one person (individually or jointly) which are maintained on one farm or breeding unit, are considered to be the production of one farm or breeding unit.

Therefore, entries per Division from such farm or breeding unit shall be as authorized in 2(c) above.

Where the same interests are involved in more than one breeding operation, such operations are considered as one breeding unit.

General Rules:

Because of budget restraints the following rules will be applied.

- A. In a DAIRY or BEEF Division, if a Breed has less than THREE (3) EXHIBITORS and/or TWENTY FOUR (24) ANIMALS, PRIZE MONEY WILL BE REDUCED BY 50%.**
- B. If less than THREE (3) EXHIBITORS and/or TWENTY FOUR (24) ANIMALS are entered in a Breed at the time entries close, the Committee will look at the possibility of CANCELLATION of that Breed Show for future years.**

Documents may be checked before unloading cattle.
- (b) Ownership: All animals must be registered in the name of the exhibitor as owner prior to the showing.**
- (c) No animal of inferior or mediocre type of quality will be accepted for showing. A culling committee shall be empowered to refuse the showing of any such type (Either of Co-chairman and two members of Cattle Committee.)
- (d) All registered cattle, whether owned by one person or more than one person (individually or jointly), which are maintained on one farm or breeding unit, are considered to be the production of one farm or breeding unit. Therefore, entries per division from such farm or breeding unit shall be as authorized in 2c.
- (e) A projection of milk production computer printed on an inspection report is proof of performance provided that the inspection report was printed within sixty days of the day of judging and that the projection is based on a lactation period of at least 90 days.
NOTE: A projection of a cow's milk production may be used to qualify the cow or her daughter, where applicable, but not her sons. No photocopies or copies of sales catalogues will be accepted as proof of performance.
- (f) Tattoos will be checked.

6. Health Regulations:

All animals must conform to the Health Regulations of Norfolk County Fair and Agriculture Canada and also may be subject to Veterinarian inspection.

7. All cattle trucks, as soon as unloaded, must be removed to the parking lot.

HEALTH REQUIREMENTS COVERING CATTLE EXHIBITED AT ALL FAIRS

1. BRUCELLOSIS:

Any cattle, other than those from a herd under quarantine, are eligible to enter a show without restriction if from a Brucellosis Free Region. Therefore, if cattle meet the above requirements there is no need to demand a Certificate of Health (AGR 1496). Cattle originating in a non-contagious Brucellosis Free Region, other than Ontario, are to be accompanied by a Permit Form (AGR 1642).

NOTE: These regulations apply to 4-H calves.

To avoid delays and disappointment, you should make arrangements for testing as soon as possible and well in advance of the show date.

2. TAMPERING WITH CATTLE - Unnatural practices in fitting will not be tolerated, and all cattle entered for competition shall be presented in the judging ring in their own natural conformation and natural physical condition.

- 3. BREEDING CAPABILITY** - In cases where doubt exists in the mind of the judge or official as to the breeding capability of an animal, the exhibitor may be required to furnish evidence to the satisfaction of the official concerned.

IMPORTANT NOTE: For the protection of owners, health regulations will be rigidly enforced.

Gate Admission Regulations

One of the biggest problems for a Fair is "Gate Control". We ask all exhibitors to co-operate by regarding their gate admission as part of their entry fee. Truck, driver & passenger with livestock will be admitted free. **All** others must have "Passes" or pay.

We wish to acknowledge the contributions of the following sponsor to the Cattle Show and will be allocated to various areas at Fair Time
